

# Seven Centers of Connection through the Way of the Horse

The most courageous thing that we can do is to delve into a deeper level of energetic and spiritual exploration. Through this process, we strengthen our sense of self and wholeness and our ability to create relationship. During this program you will open and engage the seven primary energy centers (chakras) to access your inner wisdom and ignite a deeper connection with Horse.

***This program is for those who wish to:***

- Discover how to transcend and heal non-productive patterns and move into ease and vitality.
- Experience key spiritual lessons from Horse.
- Ignite their inner energy and expand intuition.
- Learn processes to develop balance, flow, and ease in life and with Horse.

Horse teaches us the non-linear and circular flow of life and energy. Explore the **Seven Centers of Connection** with Horse to shift from your linear-focused thinking and seeing into the mystical world of possibility. Activities include: reflective round pen sessions, meditation, mind-body awareness processes, and key learning components of the Epona Approach. *Limited space is available, for riders and non-riders.
